

School results 2026

Academic year 2025 to 2026

At Malvern Wells, we want every child to reach their brightest potential. These results give families a summary of attainment in summer 2026. Alongside assessment outcomes, we value the confidence, independence and contribution children develop throughout school life.

Year 6 results

The Year 6 cohort contained 14 pupils. The figures below are school-reported results from the summer 2026 assessments.

Measure	School result
Expected standard in reading, writing and maths combined	71%
Higher standard in reading, writing and maths combined	14%
Average scaled score in reading	107
Average scaled score in maths	104

Understanding the results

The combined measure records pupils who met the standard in all three subjects. Reading and maths are assessed through national tests; writing is assessed by teachers. The higher combined standard requires higher-standard test scores in reading and maths and greater depth in writing.

A test scaled score of 100 indicates the expected standard. The school averages above describe the cohort as a whole; they do not mean every pupil achieved the same score.

For context, the national 2026 figures were 63% at the expected combined standard, an average reading score of 106 and an average maths score of 105. National figures are from the Department for Education release listed below.

Our year groups are small, so individual results can have a noticeable effect on percentages. Results should be considered alongside children's starting points and their wider learning and development.

Official performance information

View [Malvern Wells on the DfE Compare School and College Performance service](#). This service publishes school performance measures following the DfE publication cycle.

National comparison source: [DfE Key stage 2 attainment national headlines 2025/26](#), updated 10 September 2026.

Results across the school

Reception

Measure	Pupils	School result
Good level of development	13	77%

This measures the expected development in specified early learning goals, including language, physical and personal development, literacy and maths.

Phonics screening

Measure	Pupils	School result
Met the phonics screening standard in Year 1	9	89%
Met the phonics screening standard by the end of Year 2	10	90%

The Year 2 figure includes children who met the standard in Year 1 and those who met it later.

Year 2 school assessments

School teacher assessments for 11 pupils. These are non-statutory outcomes. Expected standard includes greater depth.

Subject or measure	Expected standard	Greater depth
Reading	36%	0%
Writing	64%	0%
Maths	91%	0%
Reading writing and maths combined	36%	0%
Science	82%	Not reported

Year 4 multiplication tables check

Measure	Pupils	School result
Average score out of 25	15	20.1
Scored full marks out of 25	15	13%

The check assesses recall of multiplication facts. It does not have a national pass mark; full marks are reported here as an additional measure.
