WEEK 11/04/2025

A note from... Mrs Alford:

As we draw the spring term to a close after a busy and productive time together, it is always a somewhat poignant moment for me. I find myself reflecting on the progress that both the children and the school have made during this academic year. The strides the children have taken this term have been remarkable, and we are incredibly proud of how brightly they are shining.

Looking ahead, Summer 1 is notably short due to a bank holiday and an INSET day. I encourage you to stay informed with all communications from the school as it is bound to be a hectic period.

I want to extend my sincere thanks to each of you for your invaluable partnership, and I would like to offer a special mention to our dedicated governors. I wish you all a lovely and restful Easter holiday.

As the weather improves and the season changes, I feel a renewed sense of hope for what lies ahead and immense gratitude for the school we are building together. After all, we are a school on a hill, a light in the darkness.

What we do

Our programmes for teachers, parents and children help to prepare today's children for tomorrow's world by building resilient, balanced and happy minds at home, nursery and school.

CLASSROOM HIGHLIGHTS

THIS WEEK

Class 1 & 2

The Water Cure. Class 1 and 2 with some of our amazing parents walked to the Holywell to investigate the water cure. In the afternoon we acted out some treatments and made our very own well using pipes to give it running water.

Class 3

Connecting with each other by solving problems without words was one of our connection games this week. It was a challenge to not use our voices, which was really challenging!

Class 4

We loved creating our own fabulous looking gas masks, practiced SATS and enjoyed our debate sessions in class regarding various topics. We also wrote an encyclopaedia entry on the Galapagos Islands.

All

Easter service with our families and friends was the definite all round highlight!
